

Summarized Administrative Review Board Detainee Statement

The Presiding Officer read the Hearing Instructions to the Detainee and confirmed that he understood and had no questions.

The Assisting Military Officer presented Exhibit EC-A, the Enemy Combatant Notification Form to the Administrative Review Board. The AMO then presented Exhibit EC-B, the Enemy Combatant Election Form to the Administrative Review Board.

The Designated Military Officer presented Exhibits DMO-1, the Unclassified Summary of Information and DMO-2, the FBI Redaction Certification to the Administrative Review Board. He then gave a brief description of the contents of Exhibit DMO-1. The Designated Military Officer confirmed that he had no additional unclassified information to present and requested a closed session to present classified information relevant to the disposition of the Detainee.

The Presiding Officer opened the Administrative Review Board for the Detainee to present information with the assistance of the Assisting Military Officer.

Presiding Officer: The Detainee may now present information to the Administrative Review Board. Assisting Military Officer, does the Detainee want to present any information to this Administrative Review Board including written statements, oral statements, or witness statements prepared on his behalf?

Assisting Military Officer: Sir, I met with the Detainee approximately one month ago during the initial interview at which time the unclassified summary of evidence was read to him. Upon the completion of reading that summary the Detainee provided me very sparse comments of which I am going to convey to you now sir. The Detainee stated that he protests everything that is contained in the unclassified summary and that he wants to change all of his previous testimony. The Detainee provided me no additional comments but expressed to me his desire to speak at this hearing personally with the tribunal members. That is all I have sir.

The Presiding Officer asks the Detainee if he wishes to make a statement and if so will he take the Muslim oath. The Detainee declines taking the Muslim oath. The Assisting Military Officer will read the allegations on the unclassified summary to assist the Detainee in answering the allegations.

Assisting Military Officer: Al Ajmi went absent without leave from the Kuwaiti military in order to travel through Afghanistan to participate in the Jihad.

Detainee: That is not true.

Assisting Military Officer: Do you wish to provide any additional explanation?

Detainee: I went to Pakistan to learn and memorize the Koran. I never went to Afghanistan. I went to Pakistan.

Assisting Military Officer: Al Ajmi was issued an AK 47, ammunition and hand grenades by the Taliban.

UNCLASSIFIED//~~FOUO~~

UNCLASSIFIED//FOUO

Detainee: That is not true.

Presiding Officer: Al Ajmi, feel free to expand on your comments if you'd like.

Detainee: What do you want me to do?

Presiding Officer: You can answer however fully you wish to explain these statements or to counter them. If you just want to say "not true" or "yes" or "no," that is fine but if you would like to explain it more in depth, feel free.

Detainee: Yes, I do.

Presiding Officer: This is your opportunity to explain to us why these statements are either true or false according to your opinion.

Detainee: These statements were all said under pressure and threats. I couldn't take it. I couldn't bare the threats and the suffering so I started saying things. When every Detainee is captured they tell him that he is either Taliban or Al-Qaida and that is it. I couldn't bare the suffering and the threatening and the pressure so I had to say I was from Taliban.

Assisting Military Officer: The next statements come from the category of Al Ajmi participated in military operations against the coalition. Al Ajmi admitted he was in Afghanistan fighting with the Taliban in the Bagram area.

Detainee: It is not true.

Assisting Military Officer: Al Ajmi was placed in a defensive position by the Taliban in order to block the Northern Alliance.

Detainee: I am not an enemy combatant. I said this only because I was under pressure and threats and suffering.

Assisting Military Officer: Al Ajmi admitted spending eight months in the front line at the Aiubi Center in Afghanistan.

Detainee: I never entered Afghanistan. I never fought with anyone. My intentions were to stay four months only but under the circumstances I had to stay for eight months. I never fought. My intentions were never to go to Afghanistan my intentions were to go to Pakistan.

Assisting Military Officer: Al Ajmi admitted engaging in two or three firefights with the Northern Alliance.

Detainee: This never happened and I never participated in any fighting.

Assisting Military Officer: Al Ajmi retreated to the Tora Bora region in Afghanistan and was later captured as he attempted to escape to Pakistan.

UNCLASSIFIED//~~FOUO~~

UNCLASSIFIED//FOUO

Detainee: I have never heard of Tora Bora.

Assisting Military Officer: The next questions come under the category of Al Ajmi is committed to Jihad. Al Ajmi went absent without leave because he wanted to participate in the Jihad in Afghanistan but could not get leave from the military.

Detainee: The group I went to is a peaceful group. They don't fight. I went with this group called Tabligh. This group is a peaceful group that studies the Koran. I did not go absent without leave to participate in Jihad.

Assisting Military Officer: In August of 2004 Al Ajmi wanted to make sure that when the case went in front of the tribunal, that the tribunal members know that he is now a Jihadist, an enemy combatant and that he would kill as many Americans as he possible can.

Detainee: That is impossible that I would say such a thing. How could I fight the Americans? They were with me in the military in Kuwait. I would've fought them in Kuwait not here. How can I fight them here? How can I try to kill them here?

Assisting Military Officer: Upon arrival at the Guantanamo detention facility, Al Ajmi has been constantly in trouble. Al Ajmi's over all behavior has been aggressive and non-compliant and has resided in the disciplinary blocks throughout his detention.

Detainee: Yes. I never did any harm to anybody. Yes, it is true that they put me in a different block but only because I wanted to tell my voice to people. I didn't have a lawyer to defend me. I didn't have anybody to defend me. That was the only way to let them know or to defend myself.

Assisting Military Officer: Based upon a review of the recommendations from the United States agencies and classified and unclassified documents, Al Ajmi is regarded as a continued threat to the United States and it's allies.

Detainee: You are the judge and you are the president. You are everything here. You can do whatever you wish. I never meant harm to anybody. I never attacked anybody. I don't have a grudge against the Americans. It is up to you. You are the president and you will do whatever you wish.

Assisting Military Officer: There are no primary factors that favor the release or transfer of this Detainee.

Presiding Officer: Al Ajmi, do you have anything else that you would like to present to this board?

Detainee: I would like to change all the allegations that are stated against me and I would like justice. That is all I want.

Presiding Officer: Al Ajmi, does that conclude your statement?

Detainee: I have nothing else to say.

UNCLASSIFIED//~~FOUO~~

UNCLASSIFIED//FOUO

Presiding Officer: Did the Assisting Military Officer's statement provide the information that you wanted us to hear?

Detainee: Yes, I am satisfied.

Board Members Questions to the Detainee.

Board Member: Can you explain what Tabligh is and what your part was in the organization?

Detainee: This Tabligh group existed in America. You can check it and know all about it. It is all known here in America.

Board Member: Can you answer my question?

Detainee: My role was in this Tabligh to call people to pray, to do good. To let people know that there is an end to this world so they can pray and do well.

Board Member: Is it a religious organization?

Detainee: Yes, it is.

Board Member: Al Ajmi I believe that your dedication to your religion is genuine, what direction or path will that dedication take should you be released?

Detainee: For peace.

Board Member: OK, having said that I feel with that answer in mind that there is some sense of injustice on the part of your detention. Can that desire for peace and the anger you feel for the injustice coexist or live together?

The linguist asks for the question to be rephrased in order to convey the correct question to the Detainee. The Presiding Officer rephrases the question.

Presiding Officer: Being detained here, does that affect your ideology of the peace concept that you just mentioned?

Detainee: I don't blame the Americans for what they did by bringing us over here and detaining us over here. If I were in their place I would go out and look for terrorism all over the world like they did but I have a feeling it is going to be a just decision by the Americans. That is my feeling. I would do the same thing if I were in their shoes. I would capture the bad people, the terrorists and bring them over here and detain them.

Presiding Officer: Al Ajmi, you stated that you were in the Kuwaiti military. What branch, was it the Army?

Detainee: Yes it was government's military.

Presiding Officer: What was your rank and responsibilities?

UNCLASSIFIED//~~FOUO~~

UNCLASSIFIED//~~FOUO~~

Detainee: I was a soldier and you have it in your files. You have everything you need on your files. I was just a soldier.

Presiding Officer: Were you released from your obligations? It says you went absent without leave and you deny that so were you released from your military obligation in Kuwait?

Detainee: They didn't really let me go. I just wanted to leave so I can go and spend four months there and learn. I am entitled to leave of absence so my intentions were to go for four months and when I came back I would show them that I had sick days or leave of absence permission. I will get it from the doctor but really they didn't let me go.

Presiding Officer: You stated earlier that you had no intentions to go to Afghanistan. Is that correct?

Detainee: Yes, that is true. I never had intentions to go to Afghanistan. I wanted to go to Pakistan.

Presiding Officer: I understand intentions but were you forced to go to Afghanistan? Are you saying you've never been in Afghanistan or were you forced to go to Afghanistan?

Detainee: I never entered Afghanistan and my intentions were to go to Pakistan.

Presiding Officer: Al Ajmi, how old were you when Iraq invaded Kuwait?

Detainee: I was young. Now I am twenty-seven years old. God knows, I was probably about fifteen years old.

Presiding Officer: Al Ajmi, do you have any other comments you would like to make to this board at this time? Any final comments?

Detainee: All I want from you is justice.

Presiding Officer: OK.

The Presiding Officer reads the post-Administrative Board instructions to the Detainee and adjourns the open session of the Board.

of the Detention of Enemy Combatants (OARDEC)

Dear Commander [REDACTED]

(u) The family of Abdullah Al-Ajmi has requested that we submit materials to the Annual Review Board (ARB) on his behalf, to be provided to and considered by the ARB in accordance with Administrative Review Board Process §§ 3(f)(1)(a), 3(f)(1)(d)(7) and Administrative Review Board Process Step-by-Step § 1(g).

(u) The members of Abdullah's family, which includes his parents and numerous brothers and sisters, have sent letters that they request the ARB take into consideration. These letters demonstrate that Abdullah is a valued member of his family and his community, and as such does not pose an ongoing threat to the United States or its allies. His parents characterize him as an obedient, calm child with a kind, generous, and outgoing disposition, and his brothers and sisters remember his sense of humor and his love of animals. Abdullah has many relatives and friends, who he used to take turns visiting. Several members of his family note that Abdullah has always been eager to assist other members of the community, and his brother recollects how he once rushed to the scene of a nearby accident and helped to save the lives of several members of the injured family. Given Abdullah's close involvement with and high esteem in the eyes of his family and community, it is highly unlikely that he would engage in any behavior that would make him a threat to the United States.

(u) The letters from Abdullah's family also provide information regarding Abdullah's age, work history, education, and family status, to be considered by the ARB pursuant to Administrative Review Board Process § 3(f)(1)(d)(10). Abdullah is still a young man, only

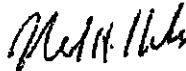

Page 1 of 20

twenty-three when first detained. His absence is particularly hard on his parents and siblings, not only because of their strong emotional ties to him, but also because he played a primary role in the economic life of the family, purchasing all of their household goods. Abdullah held a job, tended to the sheep on the farm with his dog Johnny, and also bred falcons for hunting. In addition to learning about animals, his hobbies are painting and photography. Abdullah has much to return to, and his family is eager and anxious for him to return home.

(u) Abdullah's family would also like to resubmit personal information and documentation that was previously requested by and submitted to the Department of Defense, but which is also relevant to the ARB proceedings under Administrative Review Board Process § 3(f)(1)(d)(10). The "Personal Particulars" document submitted by Abdullah's brother contains information about Abdullah's age, marital status, family, and education, and employment.

(u) Finally, please note that these submissions do not constitute a waiver of the detainee's right to pursue his petition for habeas corpus and related claims brought in *Al Odah v. United States of America*, D.D.C., Civil Action No. 02-828 (CKK).

Sincerely,

Neil H. Koslowe

Dear Sirs,

I am Malouk Sarran Mohammed Al-Ajmi, mother of the detainee Abdullah Al-Ajmi do hereby state that my son Abdullah is a good benevolent son who enjoys good character. Abdullah is my third son after Fatima and Mesfer. He used to obey me and follow my instructions immediately. He has many friends and relatives. He is social person and he had never gone any place except after obtaining my permission. He is very kind and merciful with his brothers and sisters. He used to incite them to do well and I had never observe that he likes isolation. After his detention at Guantannamu, I was astonished by this news. However he is always in my mind and I ask myself repeatedly whether he is hungry, ill or on good condition. All these things come to my mind in addition to my sufferings and lack of sleeping. I hardly sleep and I woke up in the midnight and pray to Almighty God to set him free. I always ask myself whether he knows what is happening here, has he in idea regarding our festivals and pains. His elder sister Fatima and his younger sister Mona marriage in his absence and he didn't attend both occasions. In every cheerful or painful occasion I remember him and weep, but nobody is appreciating my sufferings. I am his mother and I am weeping because nobody is assisting me in the return of son Abdullah to his brothers and home. I can't know to whom I should file my complaint. after God. I am always asking myself where is humanity and justice. I am weeping in the day and night but nobody is appreciating or relieving my sufferings. Six festivals (three years) passed away and I didn't hear Abdullah congratulating me of these festivals. Another person cannot substitute his place at home. Further he has created wide gap in my heart that cannot be bridged by any person whomsoever.

Finally I appeal you to return my son. I seize this opportunity that was granted to me to speak and say that my son is innocent and he has nothing to do with what happened. Please return my son to me, please return him soon.

His sad mother Malouk Sarran Mohammed Al-Ajmi.

Dear Sirs,

I am Mansour Saleh Ali Al-Ajmi, brother of the detainee Abdullah Saleh Al-Ajmi do hereby state that Abdullah was the only person who used to give us advise after our father. Further he used to teach and instruct us as he had always afraid that we may associate ourselves with bad guys. He used to warn us from bad people. He was very kind and he had always been in the house. When he went out of the house, he used to have the permission of my mother. He used to sit with us for long time and he was punctual. When he returned from his work he used to sleep for a while and dedicate his time to his brothers. He used to warn us from smoking. When he went to Pakistan he took the permission of my mother and he told her that he was going to Pakistan to memorize Quran. However we were astonished that he is at Guantannamu detention camp. My mother kept weeping day and night as she has been seriously shocked from this news. We have lost great supporter and his imprisonment has caused us many psychological, material and corporal sufferings. People are asking us "Where is Abdullah, why he is detained in Guantannamu?" we have nothing to say, because we do not know the reasons behind his imprisonment. At the same time we don't know to whom we should address our complaints and appeals for the return of my brother Abdullah.

Dear Sirs,

I am Fatima Saleh Ali Al-Ajmi, sister of Abdullah Al-Ajmi do hereby state that we miss Abdullah and we are suffering from his absence. He is my brother and we lived together our best days of childhood. He likes doing well, to assist the people and he doesn't like insulting others. He likes animals, particularly sheep, dogs and cats. He used to breed chicken, pigeons and birds. Whenever I recall my childhood I weep and I feel that I have lost the greatest man in our house. I have got married during his absence and my sister got married to. He doesn't know that I am still suffering, even after my marriage. So I pray to Almighty God and appeal righteous people to appreciate the situation of his family and release him in order to restore our happiness and forget our obsession regarding his safe return to us, God willing.

Dear Sirs,

I am Mona Saleh Ali Al-Ajmi, sister of Abdullah Al-Ajmi do hereby state that he likes us very much. He likes and obeys my father and mother. I am his intimate sister and very acquainted with him. He is one year elder than me and I am very sad for his absence, but I can do nothing. I would like to see him. My brother Faisal is always asking about Abdullah as he doesn't know him. When Abdullah traveled Faisal was two years old, but now he is five years old. He doesn't know Abdullah. The absence of Abdullah has made us sad and when we meet people they ask us about our sadness. They do not know the reason of our sadness. We pray to Almighty God to return him as soon as possible.

Mona Saleh Ali Al-Ajmi, his sister

أنا / من صالح علي العجيري أخت شقيقة لعمام الله العجيري
لقد كان يحينا كثيراً وحببت أبي وأمي ويطيعهما فأنا أخته القريبة

منه فأنا بعده وهو أكبر مني بسنة واحدة فأني حزينة على فراقه

ولكن ليس بيدي أي حل لأكلة أو أراه فأني مستأفة وكثير لرويته

فأني فيصل دائماً يسألني عن عمام الله لأنه لا يعرفه لأنه ذهب

منه عندما وعمره ستان والآن عمره خمس سنوات فهو لا يذكر

عمام الله لقد جعل فراقه في قلوبنا حزن ورسم الحزن في ~~أفكار~~

عيوننا وفي وجوهنا فمنذ ما نخالط الناس يتسائلون لماذا

أنتم حزينون فكيف لا نحزن ولا ننكي عليه إنني أنتم

من الله عز وجل أنه يصيبه اليوم قبل غداً

من صالح علي العجيري

أخت عمام الله
