Assisting Military Officer: The detainee's ARB interview was conducted on 02 October 2006. After reviewing the ARB's purpose and procedures, the Pashtu translated Unclassified Summary of Evidence was read to the detainee. When asked if he wanted to attend the ARB, present a written or oral statement, or have the AMO speak on his behalf, the detainee stated that he wished to attend but wanted to have his personal documents that he believes the Red Cross has them. He stated that he signed a waiver to turn over the documents to OARDEC for his ARB. Copies of both the English and Pashtu translated Unclassified Summary were provided to the detainee, who accepted the Pashtu version. Additional Comments. The detainee's follow-up interview was conducted on 05 October 2006. The detainee received his documents which were in his personal box. The detainee reconfirmed that he would attend his ARB and wanted the AMO to respond to each statement of information in the Unclassified Summary after it is presented on his behalf. wanted the AMO to speak for him. The detainee also stated that he is not an enemy combatant and does not accept that name. The detainee stated that he has been set up by his political rivals. The detainee was cooperative and attentive throughout both interviews.

Detainee (through translator): The document was not in the box. The Red Cross gave it to me.

Presiding Officer: Do you have what you need?

Detainee (through translator): Yes, I have the papers from the Red Cross and I will give them to you.

Presiding Officer: Thank you.

The Presiding Officer noted from the Enemy Combatant Election Form that the detainee wanted to respond to each item of information from the Unclassified Summary as it was presented.

Presiding Officer: I understand that you want the Assisting Military Officer to respond for you.

Detainee (through translator): I gave him the answers. He knows his responsibility.

The Designated Military Officer gave a brief description of the contents of the Unclassified Summary of Evidence, Exhibit DMO-1, to the Administrative Review Board.

Designated Military Officer: (3) The following factors favor continued detention. (3.a) Commitment. (3.a.1) A source stated the detainee was responsible for members of the Hezb-e-Islami Gulbuddin having access to a cache of light and heavy weapons in Afghanistan. The Hezb-e-Islami Gulbuddin members were planning to attach time-

detonated magnetic mines to vehicles of local government officials, United Nations officials and United States coalition forces.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee was responsible for members of the Hezb-e-Islami Gulbuddin having access to a cache of light and heavy weapons in Afghanistan. The Hezb-e-Islami Gulbuddin members were planning to attach time-detonated magnetic mines to vehicles of local government officials, United Nations officials and United States coalition forces, *the detainee stated that the source lied and he had no connection to Hezb-e-Islami Gulbuddin.* (3.a.1)

Designated Military Officer: (3.a.2) The detainee stated he is a member of the Jamiat al-Dawa al Quran.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he is a member of the Jamiat al-Dawa al Quran, *the detainee agreed.* (3.a.2)

Board Member: On the previous statement you said that you had no connection to Hezb-e-Islami Gulbuddin. Were you responsible for weapon caches for anyone else?

Detainee (through translator): I did not give anybody any weapons and I had no connection with weapons. My job was very clear. I have documents on who I was and the job I was doing.

Board Member: Thank you.

Presiding Officer: You said that you had no weapons at all?

Detainee (through translator): As I mentioned earlier, I had two Kalashnikov rifles and one pistol.

Presiding Officer: Makarov?

Detainee (through translator): It was a pistol, but I do not know its name.

Presiding Officer: Thank you.

Designated Military Officer: (3.a.3) The detainee stated he knew and traveled with the leader of Jamiat Ul-Dawa who openly supported Muslims in the international jihad against non-believers, such as Americans. The detainee stated the Sheik believed in promoting Islamic values worldwide through armed struggle. The detainee stated the Sheik worked with many leaders including the Hezbi Islami Gulbuddin. The detainee stated he would meet with the Sheik on a weekly basis to discuss activities within the Jamiat Ul-Dawa.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he knew and traveled with the leader of Jamiat Ul-Dawa who openly supported Muslims in the international jihad against non-believers, such as Americans. The detainee stated the Sheik believed in promoting Islamic values worldwide through armed struggle. The detainee stated the Sheik worked with many leaders including the Hezbi Islami Gulbuddin. *The detainee stated he would meet with the Sheik on a weekly basis to discuss activities within the Jamiat Ul-Dawa. The detainee stated that he only agrees that he knew the leader. The rest is lies. He believed that this leader is on the side of peace and attended a national unity meeting in Pakistan in support of the National Alliance. He also stated that the leader is very peaceful and worked to bring peace to Afghanistan and hated wars. The detainee stated that this same leader does not agree with the war and was all the time working with the Northern Alliance, the United Nations and coalition forces in the struggle against Taliban and al-Qaida. (3.a.3)*

Detainee (through translator): I agreed with the Northern Alliance and the coalition forces.

Board Member: Did you work with them or did you agree with them?

Detainee (through translator): I supported them.

Board Member: Thank you.

Designated Military Officer: (3.a.4) The detainee stated he and the leader of the Jamiat Ul-Dawa opened a joint bank account at al Falah bank in Peshawar, Pakistan. The Saudi Arabian al-Haramain Islamic Foundation and the Pakistani Inter-Services Intelligence Directorate deposited monetary funds into the joint account to financially support the Jamiat Ul-Dawa.

Detainee (through translator): I have an objection to the previous allegation. I personally worked and cooperated with the National Unity Organization. The Assisting Military Officer did not mention it.

Presiding Officer: Assisting Military Officer, was there a portion left on your document for his response to that point?

Assisting Military Officer: Yes. The detainee changed his previous response to the leader was on the side of peace and that he worked with the National Unity in Pakistan.

Detainee (through translator): I went to a meeting in Pakistan while working for the National Unity Organization.

Board Member: Did you meet with the sheik of Jamiat al-Dawa on a regular basis?

ISN 798

Page 4 of 25

Detainee (through translator): Yes.

Board Member: Thank you.

Presiding Officer: Are you satisfied with the previous question that we went back to?

Detainee (through translator): You have my information and my documents with you. You have information on whom I worked with and what I did from my previous Administrative Review Board. I will prove each word I say. Those people who are currently high ranking officials in the country will tell you.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he and the leader of the Jamiat Ul-Dawa opened a joint bank account at al Falah bank in Peshawar, Pakistan. The Saudi Arabian al-Haramain Islamic Foundation and the Pakistani Inter-Services Intelligence Directorate deposited monetary funds into the joint account to financially support the Jamiat Ul-Dawa. *The detainee agreed with the first sentence but disagreed with the rest. The detainee stated the Al Haramain Islamic Foundation did build 6 mosques for Afghanis, but they used their own money and did not use his account. (3.a.4)*

Detainee (through translator): I mentioned yesterday that they built six mosques with their own finances. That had nothing to do with our account. I gave out this information when I was interrogated. It is all in my dossier.

Presiding Officer: Just so that I am clear on this. Did al-Haramain ever deposit money into your bank account?

Detainee (through translator): No, except the six mosques they financed.

Presiding Officer: To finance them, did they put that money into your account?

Detainee (through translator): No.

Presiding Officer: Did the Pakistani Inter-Services Intelligence Directorate ever deposit any money into your account?

Detainee (through translator): No. The bank is still there. You can get information from the bank.

Presiding Officer: Thank you.

Designated Military Officer: (3.a.5) The detainee's uncle founded Jamiat al-Dawa al Quran in the early 1980's. The detainee believes the warlord Gulbuddin Hekmatyar and people who follow Usama bin Laden had his uncle killed. The detainee stated that Samiullah took over and he worked for Samiullah for 10 years.

Assisting Military Officer (for the detainee): In response to the statement the detainee's uncle founded Jamiat al-Dawa al Quran in the early 1980's. The detainee believes the warlord Gulbuddin Hekmatyar and people who follow Usama bin Laden had his uncle killed. The detainee stated that Samiullah took over and he worked for Samiullah for 10 years. *The detainee agreed that his uncle founded Jamiat al-Dawa al Quran. The detainee further stated that in 1990, in Konar Province an Arab killed his uncle, but they found out later the Arab man worked for Usama bin Laden, so they concluded that Usama bin Laden had his uncle killed, but he does not know for sure. The detainee also agreed that he worked for Samiullah for about 10 or 12 years but was not sure for how long.* (3.a.5)

Detainee (through translator): I believe that Hekmatyar took part of the murder because my uncle got killed during the time that Gulbuddin was fighting in Konar. He has some connection in that murder. I have said that yesterday and today.

Board Member: Did your uncle have any particular disagreement with Usama bin Laden or Gulbuddin?

Detainee (through translator): Yes, they were rivals. During the battle, Hekmatyar took over Konar and my uncle got killed that same day.

Board Member: What was your uncle's position that would make him an opposition to Hekmatyar or Usama bin Laden?

Detainee (through translator): After Konar was freed from the Russians, my uncle was elected as its leader. Hekmatyar did not like it because he wanted to take over Konar. The people of Konar wanted my uncle as their leader. Hekmatyar attacked from all sides and occupied Konar. When he took over Konar, my uncle was in Bajawor, Pakistan, in his house. That same day an Arab killed my uncle and then killed himself. We received information that Arab worked in Usama bin Laden's office. The whole Afghanistan knew about that matter.

Board member: Thank you.

Designated Military Officer: (3.a.6) The detainee stated nobody influences Jamiat al-Dawa al Quran, they are not affiliated with the Taliban, Inter Services Intelligence Directorate or al Qaida. The detainee stated he and his cousins follow an organization called Shura Ta Fom.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated nobody influences Jamiat al-Dawa al Quran, they are not affiliated with the Taliban, Inter Services Intelligence Directorate or al Qaida. The detainee stated he and his cousins follow an organization called Shura Ta Fom *the detainee agreed with the first sentence. The detainee disagreed with the last sentence in that his cousin follows Shura Ta Fom but he does not.* (3.a.6)

Presiding Officer: What does that organization do?

Detainee (through translation): A group of people asking for peace and democracy in Afghanistan. The members are cooperating with the current government. I have already given the rest of the information to the interrogators.

Presiding Officer: Thank you.

Designated Military Officer: (3.a.7) A source stated the detainee shared power equally in Jamiat al-Dawa al Quran and made operational decisions. The individual also stated that the detainee was involved in various illegal activities including weapon smuggling, prostitution and bribery.

Assisting Military Officer (for the detainee): In response to the statement a source stated the detainee shared power equally in Jamiat al-Dawa al Quran and made operational decisions. The individual also stated that the detainee was involved in various illegal activities including weapon smuggling, prostitution and bribery, *the detainee agreed with the first statement and states that he was a leader and member of the organization. The detainee stated that the rest of the statement is a very big lie and that a man in a position of authority and leadership would not do these things.* (3.a.7)

Presiding Officer: Even the weapons smuggling?

Detainee (through translator): No, I have never ever done it.

Presiding Officer: Never?

Detainee (through translator): No one can prove it.

Presiding Officer: That's not the same thing as never ever done it.

Detainee (through translator): No, never done it.

Board Member: Are you saying this factor is a mistake?

Detainee (through translator): It is against our tradition and culture to receive bribes and take part in prostitution. These activities are not acceptable in our society.

Presiding Officer: That is why I asked about the guns.

Detainee (through translator): I am not a smuggler. No one can prove that.

Presiding Officer: Thank you.

Designated Military Officer: (3.a.8) When the detainee was captured he had approximately 600 United States dollars, 2,500 Rials from Dubai, 1,000 Pakistani

Rupees, and 100 Rials from Saudi Arabia. The detainee stated he obtained this money by buying precious stones and selling them in Pakistan.

Assisting Military Officer (for the detainee): In response to the statement that when the detainee was captured he had approximately 600 United States dollars, 2,500 Rials from Dubai, 1,000 Pakistani Rupees, and 100 Rials from Saudi Arabia. The detainee stated he obtained this money by buying precious stones and selling them in Pakistan. *The detainee agreed that he had the money but it was his own money and not obtained from buying and selling precious stones. The detainee stated that the exchange rate was so high that it made sense to have foreign currency.* (3.a.8)

Presiding Officer: Assisting Military Officer, these two sentences seem to contradict each other. The first one stated that the money came from buying precious stones.

Assisting Military Officer: That is my error. The first sentence is part of the Designated Military Officer Summary of Evidence and should not be italicized.

OL-23: The detainee asked me about what is being said.

Presiding Officer: We want to get the record correct.

Detainee (through translator): I gave you a lot of information about me these past four years.

Designated Military Officer. (3.b) Training. An individual stated the detainee was actively involved in two Jamaat Ud Dawa Il al Quran Training Camps in Afghanistan. The individual stated the detainee commanded the first camp and financed the second camp.

Assisting Military Officer (for the detainee): In response to the statement that an individual stated the detainee was actively involved in two Jamaat Ud Dawa Il al Quran Training Camps in Afghanistan. The individual stated the detainee commanded the first camp and financed the second camp. *The detainee disagreed and stated that he does not know of these camps and does not believe they exist. He further states that he never commanded or financed a camp in his life.* (3.b)

Board Member: Does the Jamaat Ud Dawa have or utilize any training camps?

Detainee (through translator): I was a member. I did not see it. If anybody can prove, I am here. I joined the Jamaat Ud Dawa after my uncle died. I did not see any camps or training. The United States and Afghan forces are there in Konar. If they find training camps in that area I would be responsible for it.

Board Member: Thank you.

ISN 798

Presiding Officer: Have you ever been to any sort of training?

Detainee (through translator): No

Presiding Officer: Have you ever provided funding for any sort of training camp?

Detainee (through translator): No, I have not financed any camp.

Presiding Officer: Thank you.

Designated Military Officer: (3.c) Connections/Associations. (3.c.1) A source stated the detainee provided the Commander of Afghan Border Forces in Konar Province with money and instructions to smuggle Arabs into Pakistan.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee provided the Commander of Afghan Border Forces in Konar Province with money and instructions to smuggle Arabs into Pakistan *the detainee stated the source is lying and he has not given any money to anyone.* (3.c.1)

Detainee (through translator): Correct.

Presiding Officer: Thank you.

Designated Military Officer: (3.c.2) A source stated the detainee attended a meeting with the Inter Services Intelligence Directorate to develop a plan to conduct double agent operations against the United States to support a foreign government's strategic interests of undermining a stable Afghan government.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee attended a meeting with the Inter Services Intelligence Directorate to develop a plan to conduct double agent operations against the United States to support a foreign government's strategic interests of undermining a stable Afghan government. *The detainee stated that these allegations are false and he has no connection to Inter Services Intelligence Directorate. He stated he has documents that prove he is working for the current government.* (3.c.2)

Detainee (through translator): That paper is with you. I was a representative.

Board Member: I understand that you wanted a strong Afghan government?

Detainee (through translator): I want the whole world to support this current government. I want it to be my government and I support it.

Board Member: As a leader of Jamaat Ul Dawa in Konar, were you aware of the Pakistani ISID conducting activities in your area?

Detainee (through translator): In Konar I was not the leader of Jamaat al Dawa. In Konar I was the public elected leader. I was the representative of the Konar people in the Assembly for the Eastern Council. I was a representative, a leader of my tribe. It was the government's job to find out about those activities.

Presiding Officer: So, as the leader of that tribe you knew your people very well, I would take it?

Detainee (through translator): I knew my people. I do not know that some of them have done anything. Konar is a very big province with a population of 700,000 to 800,000.

Board Member: Were you aware of any Pakistani government activities going on in your area?

Detainee (through translator): No, I had no knowledge of that.

Presiding Officer: That is pretty amazing because that makes you the first Pashtu I have ever met that does not know anything about the Pakistani government operating inside Afghanistan.

Detainee (through translator): It was not my job. My job was with my own tribe, my own people. I do not know about the activities of the Pakistani government.

Presiding Officer: Thank you.

Designated Military Officer: (3.c.3) According to another individual, the detainee maintained excellent relations with Inter Services Intelligence Directorate and was believed to have received substantial financial support from them in the past. According to the source the Inter Services Intelligence Directorate reportedly provided the detainee with a license plate which allowed him to freely travel from Afghanistan to Pakistan and return without stopping at the border checkpoints.

Assisting Military Officer (for the detainee): In response to the statement that according to another individual, the detainee maintained excellent relations with Inter Services Intelligence Directorate and was believed to have received substantial financial support from them in the past. According to the source the Inter Services Intelligence Directorate reportedly provided the detainee with a license plate which allowed him to freely travel from Afghanistan to Pakistan and return without stopping at the border checkpoints. *The detainee states that again the first statement is totally false. The detainee further states that it was a legal Pakistan tag according to Pakistan law. The regulations granted Afghan leaders tags for driving only in Pakistan but not for border crossings.* (3.c.3)

Detainee (through translator): I had my own tag number that they gave to all Afghan leaders.

Board Member: Who gave you the tag?

Detainee (through translator): According to the Pakistani law, there is an office that gave out tags and I already gave you detailed information on where and how I got it.

Board Member: So to make sure I understand this, the tag was Pakistani, the tag was given to you by someone in Pakistan and the tag was meant for Afghan leaders to be able to come and go in Pakistan.

Detainee (through translator): Yes.

Presiding Officer: Why would a leader of Konar Province need to drive inside Pakistan?

Detainee (through translator): The law granted me access to go back and forth to Pakistan.

Presiding Officer: I understand that, but why would you as a leader of a province in Afghanistan need to drive around in Pakistan?

Detainee (through translator): Everybody was driving around in Pakistan. I was driving all the time there. We had cars. My tag number was AF11. It was not a special privilege. They gave me documents for the car.

Presiding Officer: What were you doing in Pakistan when you were driving around?

Detainee (through translator): I was living there. I had a house there. I had my business there.

Presiding Officer: As the leader of Konar Province?

Detainee (through translator): At the time of Rabani, there was no security in Afghanistan and people went outside the country. When the Taliban took over, I did not go there. When the current government came, we thought there would be security. So we went back and tried to bring our families.

Board Member: Did other people in your group have the same ability to get those types of tags?

Detainee (through translator): The Eastern Council members had the same ability.

Board member: Thank you.

Designated Military Officer: (3.c.4) A source caught with a pocket litter letter mentions that the detainee and another person are part of the primary individuals in the fighting against the Konar's Wahabes to support Islamic Movement in Pakistan and Konar. The document further states that the movement will continue the mission and that they have

already executed one of the Wahabes. The letter stated the detainee is involved in bribing officials for support and that the detainee is a nephew of Jamilurathman. The letter requests three Kalashnikov rifles and a vehicle. The letter also stated that they are working for Austad Rabani in Pakistan.

Assisting Military Officer (for the detainee): In response to the statement that a source caught with a pocket litter letter mentions that the detainee and another person are part of the primary individuals in the fighting against the Konar's Wahabes to support Islamic Movement in Pakistan and Konar. The document further states that the movement will continue the mission and that they have already executed one of the Wahabes. The letter stated the detainee is involved in bribing officials for support and that the detainee is a nephew of Jamilurathman. The letter requests three Kalashnikov rifles and a vehicle. The letter also stated that they are working for Austad Rabani in Pakistan. *The detainee stated that he was a friend of Austad Rabani and it is true that Jamilurathman is his uncle, the rest are lies. (3.c.4)*

Detainee (through translator): Rabani is not my friend. I am his friend because he is older than me.

Presiding Officer: I understand the difference. Thank you.

Detainee (through translator): This was not any written letter.

Presiding Officer: We will take that under consideration.

Detainee (through translator): You should take everything under consideration.

Presiding Officer: We will.

Designated Military Officer: (3.c.5) The detainee's home telephone number was found in the personal phone book of a suspected Hezb-e-Islami Gulbuddin commander.

Assisting Military Officer (for the detainee): In response to the statement that the detainee's home telephone number was found in the personal phone book of a suspected Hezb-e-Islami Gulbuddin commander. *The detainee stated that he does not know to whom they are referring. (3.c.5)*

Detainee (through translator): Commanders are very common. Who is that commander? I do not know.

Presiding Officer: That information is not contained in the unclassified material. If it is in the classified portion, we will take that under consideration, but that is not something we can resolve in this open hearing.

Detainee (through translator): Yes.

Designated Military Officer: (3.c.6) The Jamiat al-Dawa al Quarn is an Islamic extremist group with ties to the Pakistani Inter Services Intelligence Directorate consisting of Afghan refugees from camps in the Peshawar, Pakistan area.

Assisting Military Officer (for the detainee): In response to the statement that the Jamiat al-Dawa al Quarn is an Islamic extremist group with ties to the Pakistani Inter Services Intelligence Directorate consisting of Afghan refugees from camps in the Peshawar, Pakistan area. *The detainee stated that Jamiat al Dawa al Quarn is an Islamist group that supports the Northern Alliance and the current government.* (3.c.6)

Detainee (through translator): Yes.

Presiding Officer: Thank you for the information.

Detainee (through translator): You can ask Austad Rabani to get the information.

Presiding Officer: Thank you.

Designated Military Officer: (3.c.7) According to a source, the detainee is a Wahhabi member who was part of an alliance between the Taliban, Hezb-e-Islami Gulbuddin and Wahhabi groups in Afghanistan. The source also stated the purpose of the alliance was to coordinate efforts to drive out the United States presence in Afghanistan, reverse Afghanistan Transitional Administration reforms, and to return Afghanistan to an Islamic fundamentalist state.

Assisting Military Officer (for the detainee): In response to the statement that according to a source, the detainee is a Wahhabi member who was part of an alliance between the Taliban, Hezb-e-Islami Gulbuddin and Wahhabi groups in Afghanistan. The source also stated the purpose of the alliance was to coordinate efforts to drive out the United States presence in Afghanistan, reverse Afghanistan Transitional Administration reforms, and to return Afghanistan to an Islamic fundamentalist state. *The detainee disagreed. He stated that first he is accused of killing Wahhabi but now he is supposedly a member. The detainee states that the source lied and he is not a member of Wahhabi or Taliban or Hezb-e-Islami Gulbuddin. The detainee further states that he is a member of the Eastern Council which supports the Northern Alliance and is a member of the National Unity Organization and he supports the current government.* (3.c.7)

Presiding Officer: Just so you understand, we are not saying that you killed Wahhabi.

Detainee (through translator): You said that you had a letter that accused me of killing Wahhabi. That was a lie and this is a lie also.

Presiding Officer: The letter may say that you killed Wahhabi or that you were the president of Pakistan, but we are not accusing you of having killed anybody.

Detainee (through translator): In one place you said that I killed Wahhabi and now you said that I was a member of Wahhabi. These two do not match. It is not you saying this, but a source is saying it. I can prove this is a bunch of lies.

Presiding Officer: We believe that the two things do not match.

Detainee (through translator): This is a political conspiracy.

Presiding Officer: That is why we asked so many questions because we are trying to clear up these things.

Detainee (through translator): I have been answering your questions for the past four years.

Presiding Officer: I understand.

Detainee (through translator): Thank you very much.

Presiding Officer: You are welcome.

Designated Military Officer: (3.d) Other Relevant Data. (3.d.1) The detainee stated he was a refugee for 24 years. During the Taliban times, the detainee claims he was not in Afghanistan.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he was a refugee for 24 years. During the Taliban times, the detainee claims he was not in Afghanistan. *The detainee stated he has been a refugee since 1980 and he went back to the northern area of Afghanistan two times after the Taliban was out of control. (3.d.1)*

Presiding Officer: Thank you for making this clearer. I see that you added more information to that factor today. Thank you.

Detainee (through translator): I mentioned it to the Assisting Military Officer yesterday.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.2) The detainee stated that one to two months after 11 September 2001, he met with foreign government forces in Peshawar, Pakistan. The representative from the foreign government met with the detainee three to four times.

The representative from the foreign government provided the detainee cash and cellular phones in support of the anti-Taliban, anti-al Qaida operations and drug eradication.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated that one to two months after 11 September 2001, he met with foreign government forces in Peshawar, Pakistan. The representative from the foreign government met with the detainee three to four times. The representative from the foreign government provided the detainee cash and cellular phones in support of the anti-Taliban, anti-al Qaida operations and drug eradication. *The detainee stated that he talked to coalition forces representatives on behalf of the Eastern Council of Afghanistan in Pakistan but no money was provided to him. The detainee states that the coalition gave the Eastern Council money and cell phones and the Eastern Council provided him with a cell phone because he was a leader in the council. The detainee also stated that the coalition forces representative's name was "Jim".* (3.d.2)

Detainee (through translator): Jim was Britain [i.e., British] and he was with the coalition forces. He is not American.

Presiding Officer: I understand.

Board Member: What were the subjects of the meetings with the coalition forces representatives including Jim?

Detainee (through translator): The Taliban was in power at that time. The coalition forces representatives talked to the Northern Alliance. The Northern Alliance talked to us, the Eastern Council Members. We were talking about the taking over of the eastern provinces from the Taliban because we were living in the eastern area and we were closer.

Board Member: As part of taking the eastern provinces from the Taliban, were any of these meetings about fighting the drug trade or drug eradication?

Detainee (through translator): Yes, we were talking about the Taliban, al Qaida, drugs, and the coming of the new government. The coalition forces wanted to do these things in Afghanistan.

Board Member: The money you said that the coalition gave to the Eastern Council, was that for getting rid of the drugs?

Detainee (through translator): No. They gave the money to spend on military departments of each council. Later on when Afghanistan was freed from the Taliban, they gave us money for the eradication of the drugs.

Board Member: Thank you.

Detainee (through translator): When the Eastern Council became free from the Taliban and after that from al Qaida in the Nangahar Province, the coalition forces power was transferred to the Americans. Then we talked to the Americans about al Qaida. The people from Britain including Jim started doing programs against drugs.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.3) A source stated that in December 2001, small groups of Arabs escaped from the Tora Bora area of Afghanistan and were initially resettled to the Konar province village of Marah Warrah, Afghanistan. The detainee moved the Arabs for their safety.

Assisting Military Officer (for the detainee): In response to the statement that a source stated that in December 2001, small groups of Arabs escaped from the Tora Bora area of Afghanistan and were initially resettled to the Konar province village of Marah Warrah, Afghanistan. The detainee moved the Arabs for their safety. *The detainee stated that this is a lie.* (3.d.3)

Detainee (through translator): I went to Konar after 40 days. At that time, the new government had already been established. On the 10th day of the Kharzai government, a lot of leaders wanted to go and congratulate Kharzai. I have documents to prove it.

Presiding Officer: Is it possible that someone might have seen you traveling with Arabs and thought that you were leading them?

Detainee (through translator): Never. The people captured me and turned me over to the Americans.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.4) According to a source, in Mid-October 2003, Wahabbi and Taliban leaders planned to kidnap a United States citizen in order to trade for the detainee, a former Taliban official. According to the source, the meeting to plan for the kidnapping was held in the house of the detainee in Patac Village, Pakistan.

Assisting Military Officer (for the detainee): In response to the statement that according to a source, in Mid-October 2003, Wahabbi and Taliban leaders planned to kidnap a United States citizen in order to trade for the detainee, a former Taliban official. According to the source, the meeting to plan for the kidnapping was held in the house of the detainee in Patac Village, Pakistan. *The detainee disagreed and stated his family would not do these things.* (3.d.4)

Detainee (through translator): Nobody can prove that.

Presiding Officer: I understand. Thank you.

Designated Military Officer: (3.d.5) A source stated the detainee paid for a 12-meter tall radio antenna and directed it to be installed to facilitate the Arabs communication.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee paid for a 12-meter tall radio antenna and directed it to be installed to facilitate the Arabs communication *the detainee stated that this is a lie.* (3.d.5)

Presiding Officer: Assisting Military Officer, is that all the detainee had to say?

Assisting Military Officer: Yes, Sir.

Detainee (through translator): It is a lie.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.6) A source stated the detainee received weapons and supplies from al Qaida on trucks returning from Pakistan.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee received weapons and supplies from al Qaida on trucks returning from Pakistan *the detainee stated this is also a lie.* (3.d.6)

Detainee (through translator): The previous Administrative Review Board stated that I was taken from Afghanistan to Pakistan. Now this one states from Pakistan to Afghanistan. That time I said it was a lie and now I am saying it is a lie.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.7) A source stated the Pakistani Inter Services Intelligence Directorate allegedly provided the detainee money to hire a group of men to fire a rocket from Afghanistan into a United States compound in Afghanistan.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the Pakistani Inter Services Intelligence Directorate allegedly provided the detainee money to hire a group of men to fire a rocket from Afghanistan into a United States compound in Afghanistan, *the detainee disagreed and stated that this is a big lie.* (3.d.7)

Presiding Officer: Thank you.

Designated Military Officer: (3.d.8) The detainee advised that he was attending a tribal meeting in Kabul, Afghanistan, when the attack on the United States Forces occurred in Asadabad, Afghanistan.

Assisting Military Officer (for the detainee): In response to the statement that the detainee advised that he was attending a tribal meeting in Kabul, Afghanistan, when the attack on the United States Forces occurred in Asadabad, Afghanistan, *the detainee stated that 22 hours before his capture in the eastern area of Afghanistan, the Konar governor and some other military leaders came over to his house for lunch and dinner. While there, they were discussing how to help counter the attacks on coalition forces. The detainee stated that the military leader in the eastern zone, Hazrat Ali, gave a report to the coalition forces concerning this meeting. After that the detainee stated that he went to the coalition force commander to request a meeting and invited him to his town to talk to him on this issue. The meeting was scheduled but then changed to occur at the coalition forces base, where he was captured.* (3.d.8)

Detainee (through translator): Yesterday I said it and today I am going to say it very briefly. 22 hours before my capture, the Eastern Council military authorities, Hazrat Ali, and the governor of Konar, were having lunch and dinner with me. We decided that if anybody tried to disturb peace and throw rockets at the government, together we will get them. We would take actions against those people. Hazrat Ali gave the report to the coalition forces. The next day, I talked to the Americans, offered them my services, and invited them to dinner. It is part of our Afghan culture to invite guests to our house. They promised me that they would come. We met on Thursday and they promised to come to my house on Saturday. I was captured as I was leaving that place and I am still here. I already gave you the rest of the detailed information. Now you can find out I am against people that throw rockets. I am working for peace.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.9) The detainee stated the Afghan tribal leaders were provided a letter that was used to identify them when crossing the border. The detainee stated he was never issued the letter.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated the Afghan tribal leaders were provided a letter that was used to identify them when crossing the border. *The detainee stated that when they crossed the border, the leaders were writing their names in a registry, other than that he does not understand the statement.* (3.d.9)

Detainee (through translator): I do not know the answer. I do not understand the question.

Presiding Officer: You never received such letter?

ISN 798
Enclosure (5)
Page 18 of 25

Detainee (through translator): No. I never received a letter like this.

Presiding Officer: Just license plates?

Detainee (through translator): If it is not about me, I cannot answer. Afghan leaders issued a letter. If you are asking whether Afghan leaders had a letter to cross the border, I do not know. If you ask me how I crossed the border, I will answer you. When crossing the border they would register us and give us a permit to go through the Towr Khom border. Any body coming from the Afghan consulate would receive a road pass from the Pakistani council in Pakistan. When going from Pakistan to Afghanistan, there was a refugee office issuing permits to cross the border. That question is about Afghan leaders who had a letter to cross the border. It is not about me.

Presiding Officer: You make a very good point and we will take that under consideration.

Detainee (through translator): You can see my dossier.

Presiding Officer: Thank you.

Designated Military Officer: (3.d.10) A source stated the detainee was a greedy man that would sell intelligence to foreign government services and anyone else that is willing to pay him for information. The individual stated the detainee has no loyalties to any groups.

Assisting Military Officer (for the detainee): In response to the statement that a source stated the detainee was a greedy man that would sell intelligence to foreign government services and anyone else that is willing to pay him for information. The individual stated the detainee has no loyalties to any groups. *The detainee stated this is another lie. He is a faithful man to his own people and he has never been a commander or tied to any intelligence groups.* (3.d.10)

Detainee (through translator): I have no connection to any group. I gave the detailed information regarding my connections. I was not a greedy man. If I were a greedy man I would have pocketed a lot of money from the Americans. It was very clear how I spent everything they gave me. I also kept a list to show you how much capital I have. You know my job and where I get this income. You can see my dossier and get this information. You can also ask about me from my people in the new government. You can ask about my loyalty.

Board Member: Have you ever sold any intelligence to any foreign government, service, or anyone?

Detainee (through translator): I had no information about intelligence. My job had nothing to do with intelligence. I was working with the current government and the coalition forces. I performed my responsibility. I did my job.

Presiding Officer: That is consistent with what you have said earlier today. Thank you.

Designated Military Officer: (4) The following primary factors favor release or transfer. (4.a) The detainee stated when they captured Arabs, they would turn them over to American Forces.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated when they captured Arabs, they would turn them over to American Forces, *the detainee stated that he did not personally do that but the military did turnover captured Arabs.* (4.a)

Detainee (through translator): That was their job. You have that information also.

Presiding Officer: Thank you.

Designated Military Officer: (4.b) The detainee stated he supported the Northern Alliance in their efforts to defeat the Taliban, al Qaida and Usama bin Laden.

Assisting Military Officer (for the detainee): In response to the statement the detainee stated he supported the Northern Alliance in their efforts to defeat the Taliban, al Qaida and Usama bin Laden, *the detainee agreed.* (4.b)

Detainee (through translator): Yes.

Designated Military Officer: (4.c) An individual stated the detainee does not have an extreme Islam background and that the detainee's knowledge about Islam is very limited.

Assisting Military Officer (for the detainee): In response to the statement an individual stated the detainee does not have an extreme Islam background and that the detainee's knowledge about Islam is very limited, *the detainee stated that he is a Muslim and supports the current government and organization. He further stated that he is an average guy and not as highly educated in Islam as those who attended universities.* (4.c)

Presiding Officer: Thank you.

Designated Military Officer: (4.d) The detainee stated he never worked with the Arabs or against the Americans.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he never worked with the Arabs or against the Americans, *the detainee agreed.* (4.d)

Designated Military Officer: (4.e) The detainee claims he is a friend of the Americans and was glad to see the Northern Alliance come and get rid of the Taliban.

Assisting Military Officer (for the detainee): In response to the statement the detainee claims he is a friend of the Americans and was glad to see the Northern Alliance come and get rid of the Taliban, *the detainee agreed.* (4.e)

Detainee (through translator): I was happy and on the 16th day after the fall of the Taliban, I went to Kabul to congratulate to AUSTAD Rabani. He was in power and Kharzai took over later on.

Presiding Officer: Why were you glad to see the Taliban fall?

Detainee (through translator): I struggled against the Taliban for five years. I wanted a free government in my country where everybody's rights would be respected. If you have any more questions, let me know.

Presiding Officer: I will.

Designated Military Officer: (4.f) The detainee stated he never smuggled drugs and was against drugs. The detainee stated he was destroying drugs with the coalition forces.

Assisting Military Officer (for the detainee): In response to the statement the detainee stated he never smuggled drugs and was against drugs. The detainee stated he was destroying drugs with the coalition forces. *The detainee agreed.* (4.f)

Detainee (through translator): I already gave the proof for this. You can get the information.

Presiding Officer: Thank you.

Designated Military Officer: (4.g) The detainee stated he never collected any money for the Jamaat Ul Dawa al Quarani.

Assisting Military Officer (for the detainee): In response to the statement that the detainee stated he never collected any money for the Jamaat Ul Dawa al Quarani, *the detainee agreed and stated that he received a salary from them but he did not collect money for them.* (4.g)

Detainee (through translator): I already mentioned to the interrogators that my salary was around 3,000 to 4,000. It is like when you are a worker you receive a salary.

Presiding Officer: What were you doing?

Detainee (through translator): My job was to dig wells, build mosques and clinics for the people.

Presiding Officer: You don't mean building them with your own hands?

Detainee (through translator): I was the leader of my tribe. The people would bring petition requests based on their needs. I already gave you this information.

Presiding Officer: Thank you.

Designated Military Officer: (4.h) The detainee stated he has no ties with Inter Services Intelligence Directorate.

Assisting Military Officer (for the detainee): In response to the statement the detainee stated he has no ties with Inter Services Intelligence Directorate, *the detainee agreed.*
(4.h)

Presiding Officer: A lot of people have said lies about you according to what you have said today and previously. Why do you think so many people have lied about you?

Detainee (through translator): Are you finished?

Presiding Officer: Yes.

Detainee (through translator): I am sure that not a lot of people said this. Certain people, to gain political ground in the area, would say these things. I brought some documents that nobody is reading. I assure you the allegations against me are extra useless. I was determined in my country and I wanted to live with dignity and honor. 10 to 12 years before that, we were struggling to bring a peaceful and strong government to our country. Now that government has come. I'll give you an example: if somebody is a leader of a tribe and that person is a bad guy, maybe the tribe would trust him one time. The tribe would not trust him again and again and again. I had been the representative of my tribe since the Soviet Union left Afghanistan. I was elected twice for the Eastern Council. Then I was elected again as the representative of my tribe. After that when the Taliban took over and the council had been established in the east, I became the representative of my tribe again. The council was against the Taliban. When we started talking to the coalition forces, again I became elected by my tribe. When the Americans came against al Qaida, again I became elected by my people to talk to them. Again when they started talking about drug eradication, my tribe stood by me again and elected me as their

representative in this struggle. We talked to the coalition forces representatives and gave them the assurance of our support. The coalition forces, including Jim, came, met with me, and toured the area. It is a matter of trust. They established a grand assembly and again I became elected from my tribe. The representative of the United Nations, Kauon Kakar, joined the grand assembly in Kabul because of the elections for Kharzai. My tribe elected me to represent them in the Senate. The National Unity has established the leadership of Peer Sayed Ahmad Gailani and Sebghatullah Mogadidi. In the meeting I was a member to talk about supporting the current government. If somebody is not trusted by his tribe and people how can they be elected again and again. I gave you evidence. I am so upset about the first court, the CSRT, because they called me an enemy combatant. I do not accept that. I do not believe in that. The court told me that I was a threat to America and that I would remain a detainee. Now I am facing you and I assure you, I give my word, I have been wrongly judged. I am not an American detainee. I am not an Afghan detainee. I am a detainee because of my personal controversy. It is happening. It is there. Look at the American leader, his father did it and now he is doing it twice because people trust him. If they did not trust him, if he did not serve his people, he would not be the representative of the American people. They trusted me and I served my people. I was elected again and again.

Presiding Officer: So if you go home what would you do?

Detainee (through translator): I would do my business. I would serve my government. I already said it in the previous ARB and now I am saying it again that if my people want me, I would take part in the elections because that country is my home and I want to build it.

Presiding Officer: I understand. Thank you.

Detainee (through translator): My document is coming to you. Will you read it or do you want me to read it to you?

Presiding Officer: Is that the document that you have there?

Assisting Military Officer: No, that is his Unclassified Summary. When we get to EC-C, I will submit his document to the Board.

Presiding Officer: We will read it.

The Designated Military Officer confirmed that she had no further unclassified information and requested a closed session to present classified information relevant to the disposition of the Detainee.

The Presiding Officer acknowledged the request.

The Presiding Officer opened the Administrative Review Board to the Detainee to present information with the assistance of the Assisting Military Officer.

The Assisting Military Officer presented the Detainee's Comments, Exhibit EC-C, to the Administrative Review Board.

The Assisting Military Officer stated that he had no additional comments.

Presiding Officer: Please give the Board a few minutes to quickly read Exhibit EC-C in case we have any question for you. This Exhibit will be part of the official record.

Detainee (through translator): Yes, correct.

Presiding Officer: You still have many friends, I see. These men respect you. I want to say a few words on that subject. Your behavior today has been very respectful to this Board. To me it says that you take what we are doing seriously and I just want to assure you that we take it very seriously also. It is very important to see the man, to look at you; otherwise, what we know of you is just from documents. I want to ask you to encourage your friends to come to their boards also because I tell you now, from one man to another, it makes a difference for you to come to the Board. So thank you for taking this seriously today.

Detainee (through translator): I appreciate it. It is my right to represent and to express myself. One detainee told me that the law does not apply to us. I told him there are three things Americans believe in: democracy, take decisions, and rules. I told him it is bad to say that. Another one told me that if he had seen me before he would have told me not to go to the ARB. I told him that I would go to any place they asked because I obey the law. I would go, talk, and defend myself. I am responsible for myself. I am ready anywhere and anytime you want me. I hope that you would do justice by us. We are thinking about our future. I assure you that there is a conspiracy against me.

Presiding Officer: We are sworn to do right here.

Detainee (through translator): I believe you and I trust you. If anything you would go after the fact. The only complain I have is about the first court. They could not find my documents and they called me an enemy combatant. I told them about the Ministry of Foreign Affairs and the Ministry of Interior and they said that they could not find those people. Because of that they called me an enemy combatant. Now justice is with you.

Presiding Officer: Does that conclude your statement?

Detainee (through translator): I have a lot to say after four years of being here. But I am finished with you now. People wanted to compare the jail here with other jails. I told them that we were against those in Rabani and the security. Our government was making decisions by themselves regardless of the law. I am not going to compare jails.

Presiding Officer: There is less gun fire here.

Detainee (through translator): America claims to defend human rights. That is why we expect more from America.

Presiding Officer: We are bound to our rules. We will follow our rules. I promise you.

Detainee (through translator): Ok.

The Assisting Military Officer had no questions for the Detainee.

The Designated Military Officer had no questions for the Detainee.

The Administrative Review Board Members had no further questions for the Detainee.

The Presiding Officer read the post-Administrative Review Board instructions to the Detainee and adjourned the open session of the Administrative Review Board.

The Presiding Officer opened the classified portion of the session.

The Presiding Officer adjourned the classified portion of the session and the Administrative Review Board was closed for deliberation and voting.
