UNITED STATES COURT OF APPEALS FOR THE D. C. OF COLUMBIA, 333 CONSTITUTION  
AVENUE, N. W WASHINGTON DC 20001.

DATE:- DEC-17-07

DEAR JUDGES,

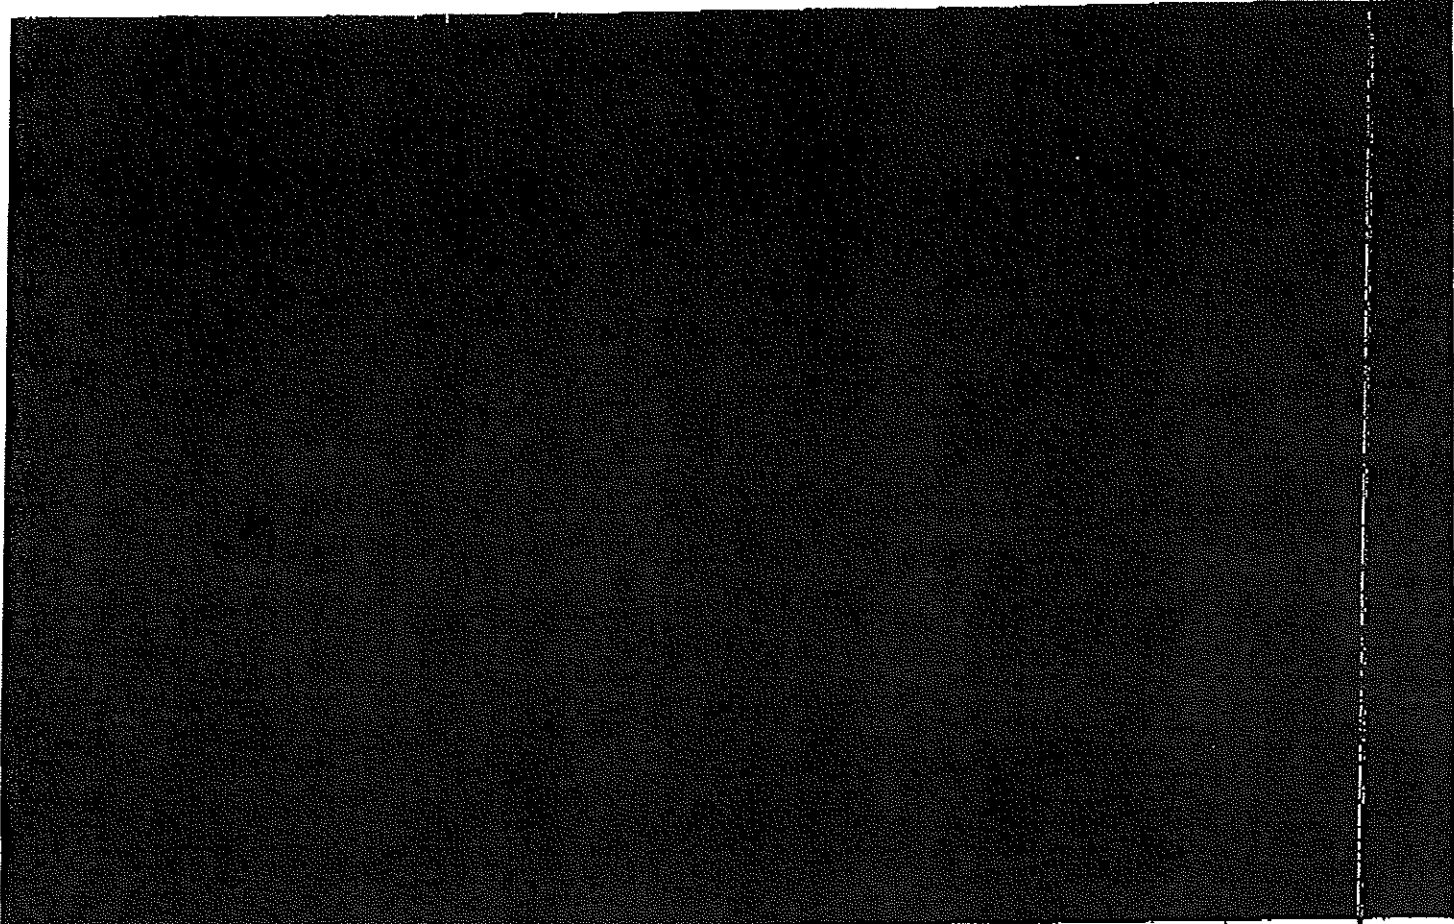

As you know already, I am a permanent resident of U.S.A, who used to pay \$2,400 dollars every month so his government will protect his Constitutional rights. also I have owned a house in Baltimore Maryland. My brother, neices and nephews are American citizens. do you honestly believe that I would conspire a plot which would kill American innocent lives even possibly my American friends, teachers and family members. Even Government Sources will tell you that I've never been to Afghanistan. I've never met "OBL" why would I ever want to harm U.S.A, who has never done anything but to good to me and my family.

I remember studying check to balance and Constitutional right in my high school times in states, now this is the first time, I am having an opportunity to directly write to judicial branch to get justice for all the crimes they have done against me and in name of "war on terror". I ask you to give me justice in name of "THE GOD", in name of what U.S.A once stood for, and in name of what Thomas Jefferson fought for. They made a big mistake by torturing me, they didn't have any option but to make me some thing which didn't do cover up on the mistake they made. I ask you not to allow them to do anything without any evidence and allow me to have a chance to prove that I am innocent.

But actually, I am writing this letter about the "mission to create Act were torture". I ask you, for only few minutes while you are reading this, just think of me as human being. don't think as if I am a terrorist. don't buy the government propoganda, just think of me a guy who went to Baltimore high school and at age of 23 got married. left 2 months pregnant wife and all sudden <sup>I'm</sup> kidnaped by a group of people who are in power of doing anything, even execute me.

I ask you again think of me as a human being... not a terrorist... and this human being is a practically an American... just for few minutes,

WORLD ASSOCIATION

please, pay attention to this!, I ask you for the last time.... please close your eyes and just imagine for a second these things are happening to a person... and that very person is happen to be your own son and or a nephew... would you still say this was not tortured?
