This letter is to notify the Department of Defense (DoD) of three situations observed by agents of the Federal Bureau of Investigation (FBI) of highly aggressive interrogation techniques being used against detainees in Guantanamo (GTMO). We refer them to you for appropriate action.  1. During late 2002, FBI Special Agent was present in an observation room at GTMO and observed first name unknown conducting an interrogation occurring in a different interrogation room. Same the curtain had occurred. She directed a marine to duct tape a curtain over the two-way mirror between the interrogation room and the observation room. SA characterized this action as an attempt to prohibit those in the observation room from witnessing her interaction with the detainee. Through the surveillance camera monitor, SA herself between the detainee and the surveillance camera. The detainee was shackled and his hands were cuffed to his waist. SA observed paparently whispering in the detainee's ear, and caressing and applying lotion to his arms (this was during Ramadan when physical contact with a woman would have been particularly offensive to a Moslem male). On more than one occasion the detainee appeared to be grimacing in pain, and appeared to be making some contact with the detainee. [, a] Although SA could not see her hands at all times, he saw them moving towards the detainee's lap. He also observed the detainee pulling away and against the restraints. Subsequently, the marine who had previously taped the curtain and had been in the interrogation room with during the interrogation re-entered the observation room. SA asked what had happened to cause the detainee to grimace in pain. The marine said had grabbed the detainee's thumbs and been in them backwards and indicated that she also grabbed the detainee's thumbs and been in the interrogation room with during the interrogation re-entered the observation room with saked what had happened to cause the detainee to grimace in pain. The marine said had grabbed the detainee's thumbs an		[title] Department	of Defense		classified by \$1579 DNH/PLF/Jac (F) REABON: 1:4 (C)	(- <u>cy</u> -q151
This letter is to notify the Department of Defense (DoD) of three situations observed by agents of the Federal Bureau of Investigation (FBI) of highly aggressive interrogation techniques being used against detainees in Guantanamo (GTMO). We refer them to you for appropriate action.  1. During late 2002, FBI Special Agent was present in an observation room at GTMO and observed first name unknown conducting an interrogation of an unknown detainee. (SA was present to observe the interrogation occurring in a different interrogation room.)  — henced the observation room and complained that curtain movement at the observation thely window was distracting the detainee, although no movement of the curtain had occurred. She directed a marine to duct tape a curtain over the two-way mirror between the interrogation room and the observation room. SA characterized this action as an attempt to prohibit those in the observation room from witnessing her interaction with the detainee. Through the surveillance camera monitor, SA paparently whispering in the detainee's ear, and caressing and applying lotion to his arms (this was during Ramadan when physical contact with a woman would have been particularly offensive to a Moslem male). On more than one occasion the detainee appeared to be grimacing in pain, and sappared to be making some contact with the detainee. [, a] Although SA could not see her hands at all times, he saw them moving towards the detainee's lap. He also observed the detainee pulling away and against the restraints. Subsequently, the marine who had previously taped the curtain and had been in the interrogation room with during the interrogation re-entered the observation room. SA asked what had happened to cause the detainee to grimace in pain. The marine said midicated that she also grabbed his genitals. The marine also implied that her treatment of that detainee was less harsh than her treatment of others by indicating that he had seen her treatment of other detainees result in detainees curling into a fetal p			Re: Suspected M	Mistreatment of Detained	<u>es</u>	
agents of the Federal Bureau of Investigation (FBI) of highly aggressive interrogation techniques being used against detainees in Guantanamo (GTMO). We refer them to you for appropriate action.  1. During late 2002, FBI Special Agent was present in an observation room at GTMO and observed first name unknown conducting an interrogation of an unknown detainee.
